

March 16, 2020

The Village of Baytowne Wharf + Sandestin Wine Festival 2020
Official Statement to Cancel Events

We are disappointed to announce the cancellation of all events at The Village of Baytowne Wharf scheduled from March 16th-April 9th and The Sandestin Wine Festival, originally planned April 16th-19th. The well-being of our guests, community, and staff is important and in light of the continued uncertainty and potential health risks by COVID-19, the annual festival, all outdoor events during that time period, will no longer take place. This was a tough decision, but with the national and state recommendations to not hold large scale events, we believe this is the correct choice.

Entertainers and vendors will be contracted directly by our event team.

The Village of Baytowne Wharf and our Merchants will remain open at this time. Come Shop, Dine and Play with us. We are beyond grateful to all our visitors and merchants.

Thank you for your understanding and your continued support of The Village of Baytowne Wharf. We look forward to a fabulous summer.

Best,

Baytowne Wharf Neighborhood Association
